Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Communications Engineering Division DATE: 13 October 1955

FROM : Chief, Communications Operations & Training Division

SUBJECT: Demonstration of the RS-13 and Greek T/R Adaptor

1. This Division has again been asked to demonstrate the RS-13 and the Greek T/R Adaptor to various FI staff officers. The demonstration is tentatively scheduled for 0930 21 October 1955, in Room 1500 "L" Building. It is requested that your Division participate in this demonstration as in the previous one.

2. There will be only a limited time available for the demonstration, and as such, a portion of the actual mechanics of RS-13 transmission and reception can be arranged beforehand. For this demonstration the only equipment needed will be:

- a. Receiver - (Operations & Training has an HQ 140X which will suffice)
- b. Oscilloscope
- c. Portable Tape Recorder
- d. 12 Volt DC Power Supply (It is suggested that a 12 volt car battery be purchased since it will be useful in the future should similar circumstances warrant).
- e. RBR-13
- f. RS-13 (Operations & Training can supply for this demonstration)

3. The demonstration has been informally discussed with [redacted] of OC-E/R&D. If further information is desired, please contact [redacted] of the Support Branch, Operations & Training, on Extension [redacted]
